BIO

As a frontend developer with 4+ years of experience, I have developed a strong understanding of HTML5, CSS3, JavaScript, and various frontend frameworks such as Bootstrap5 and React JS. I have used these technologies to create responsive, user-friendly web applications that meet the needs of my clients. I am passionate about staying up-to-date with the latest trends and best practices in frontend development, and I am always eager to learn new skills and techniques to improve the quality of my work. Overall, my experience as a frontend developer has enabled me to create high-quality web applications that are both functional and visually appealing.

WORK EXPERIENCE

Zephyr Leap

2025 - PRESENT

Web Developer

- Working as a web developer at Zephyr Leap means being part of an innovative and fast-paced environment. You'll collaborate with a skilled team, build responsive and dynamic web applications, and work with the latest technologies to create seamless user experiences. The office fosters creativity, efficiency, and continuous learning.

Dot Austere

2021 - 2025

Senior Web Developer

- During my 3 years as a Senior Web Developer at Dot Austere PVT LTD, I led web development projects for clients and provided mentorship to Junior Web Developers. I utilized my skills in HTML5, CSS3, Bootstrap5, JavaScript, ReactJS and Angular to develop complex user interfaces and ensure website security and performance optimization.

Techzoid PVT LTD

2020 - 2021

Junior Developer

- During my Nine months as a Junior Web Developer at Techzoid PVT LTD, I gained hands-on experience in HTML5, CSS3, Bootstrap5, JavaScript, and React JS. I collaborated with senior developers and worked on web development projects for clients, gaining a deeper understanding of coding concepts such as MVC frameworks and APIs. I received valuable guidance and mentorship from my senior colleagues, which helped me develop my technical skills and work collaboratively with a team.
